

Plan Reassessment Checklist

A plan reassessment meeting can happen due to the planned schedule and duration of your NDIS Plan, based on your known support needs, or in the event that you apply for a change of circumstance. This checklist includes supporting evidence that you may be asked for during your plan reassessment meeting. Every person is different, so you may not require everything listed in the checklist. Review the list carefully and be sure to bring as much supporting evidence as possible to your meeting.
